Waveland residents to vote at two locations Tuesday

By WAYNE DUCOMB JR.

All Waveland residents will have to vote at two polling locations Tuesday to cast their ballots in the city and general elections.

City Clerk Barbara Rappold, who is also seeking re-election as Ward One alderman, Friday reported all city residents will vote at the renovated Waveland Library on Coleman Avenue to select a mayor, alderman and Democratic Executive Committee (See sample ballots on Page 6B).

But to vote in the statewide general election, Waveland residents must cast their ballots at one of three locations depending on what Hancock County district they reside.

Rappold explained residents living west of Waveland Avenue (District One) must vote at the Arlington Precinct on Sears Avenue across from Soldini's Grocery.

Residents living east of Nicholson Avenue (District Four) must vote at the South Bay Precinct located at Christ

Episcopal Church on Beach Boulevard in Bay St. Louis, she reported.

Voters residing between those two avenues (District Two) must vote at the Waveland Precinct which will be located at the City Civic Center on Coleman, the city clerk said.

Rappold noted the city's recently purchased eight voting machines and counter costing some \$5,000 will be utilized for the first time in the Tuesday

Compretta, Smith favor Tuesday election resolutions

By WAYNE DUCOMB JR.

Hancock County's two state legislators both support four amendments to the Mississippi Constitution of 1890 which voters will ratify or reject in Tuesday's general election.

Rep. J.P. Compretta of Bay St. Louis and Sen. Martin Smith of Poplarville both recently endorsed the amendments.

The measures were adopted by the State Senate and House of Represen-

tatives in recent sessions of the Legislature.

EDUCATION BOARD

Compretta feels the most important is Senate Concurrent Resolution No. 506 which outlines procedures to form and operate a lay State Board of Education.

Smith said the bill is not what he hoped it would be, but offers a system better than the present one.

The measure, if ratified, also allows the newly formed board to appoint a state superintendent of education in 1984 when the law would go into effect. The superintendents have been elected to the post.

Compretta explained the present board consists of the superintendent, attorney general and secretary of state.

In the proposed system, the governor would appoint five and the lieutenant governor and speaker of the House would each select two members to serve staggered terms on the board.

Smith and Compretta both said the members of the present board have enough duties without the extra burden of deciding state education matters.

Compretta also reported the same

system is utilized for operation of the State College Board and is working well.

"A lay board will be able to set policy and this is a giant step for education in this state," Compretta stated.

Compretta said the measure 'just barely slid' to approval in the last legislative session due to strong opposition by many 'older' legislators who want to abolish the board.

Smith cited the most 'hotly debated' aspect of the law was whether to have appointed or elected board members.

He said appointed board members should be more practical because they are not full-time paid officials.

The senator also noted an elected official can not serve on the board.

This would not prevent an appointed superintendent of municipal school district or other appointed officials from being board members, Smith cited as a problem with the resolution.

Board requests hastening 16th section renegotiations

By BRENT MACEY

Hancock County School Superintendent Terrell Randolph was told during a school board meeting Friday to speed up the process of renegotiating 16th section land leases.

Board member Louie Ladner, who requested the action be taken, stated, "I'm surprised a suit hasn't been filed against the board by now."

A state law passed by the legislature in 1978 requires all school districts to renegotiate 16th land leases so that at least 5 percent of the appraised value of any 16th section parcel can be obtained by the district.

Randolph noted after the meeting that no 16th section lands have been renegotiated. However, lands leased since 1978 have been negotiated in the manner required by state law.

The difference between the leases prior to 1978 and new leases negotiated after that date show a drastic contrast.

As an example, some individuals who

negotiated land leases before 1978 leased land for as low as 13 cents per acre per year.

Leases after 1978 show that lease rates have increased as high as \$169 per acre.

Ladner read a letter to the board dated July 6, 1982 in which Lloyd Pittman, secretary of state of Mississippi, commends the district for obtaining just compensation for those lands negotiated after 1978.

However, the secretary of state's office also notes that some parcels are still leased for 'inadequate compensation.'

"The board shall assure that adequate compensation is received for all uses of the trust lands, except for uses by the public schools."

The letter continues, "Our State Constitution prohibits donations of property, or the use of it, to anyone."

It also notes that any party can challenge the validity of any lease 'on the grounds of inadequacy of consideration given for the lands involved in the lease.'

Also at the meeting, the board adopted a new sick leave policy for students.

The new policy allows students four days of absence during a nine-week grading period.

A student who is absent five or more days during a grading period will receive an 'I' or incomplete for that grading period.

If the student is absent 10 or more days during a semester, the student will receive an incomplete for the semester.

Incomplete marks acquired during a nine-week period can be replaced by a letter grade if a student is not absent five days in the second nine-week period.

In cases where a student receives an incomplete for the first semester, that student can also make up the semester's incomplete by being absent less than 10 days in the second semester.

If all work is made up by a student who has been absent, that student will be allowed to participate in extra-curricular activities.

Special consideration may be given by the principal at the end of each nine-week period, provided illness is certified by a doctor; or a death in the family which will require a signed statement from the family.

A physician's statement will be re-

quired only after a student has missed four or more days during a nine-week period.

Randolph noted principals from the district wrote the new policy.

"They feel it is the best policy."

He noted students in the past would fail if they missed five days.

Also Friday, the board approved a some six acres of right-of-way for Mississippi Power Company in the northern section of the county for \$9.29 annually. The power company plans to install a half-million volt power line through the county.

Diamondhead forum audience tops 100

By WAYNE DUCOMB JR.

More than 100 people attended the Diamondhead Community Association political forum Friday night at the Diamondhead Country Club.

Candidates seeking Hancock County, regional or state posts attended to express their political goals to the audience.

Jack Baker of Diamondhead, forum co-chairman, emphasized all Hancock school district residents will vote for County School Board candidates seeking District Three and Four posts.

Industrial tour set by Chamber

By ELLIS CUEVAS

An industrial tour sponsored by the Hancock County Chamber of Commerce and the Hancock Port and Harbor Commission is scheduled for Tuesday, Nov. 9.

Dick Thomas, the chamber's director in charge of industry tour, said a bus will load at the Choctaw Plaza Shopping Center at 9 a.m. and return at 4 p.m.

The tour will include a visit to Alcan Cable in Bay St. Louis, various industries at Stennis International Airport, and several industries at Port Blenville Industrial Park.

Lunch will be served at Holly Bluff on the Jourdan River.

The tour is free for chamber members and reservations can be made by calling 467-9048 before 5 p.m. on Nov. 5.

spoke except Billie Fay Lyons of District Four who attended a portion of the event.

Woodrow Ladner, incumbent District Four school board member of the Catahoula Community, appealed for reelection based on his experience and actions in office.

"I came on the board in 1976 and the education system was at its lowest..." he stated.

Ladner criticized the California Achievement Tests which he said unfairly compared local students to youths in other states.

"...I don't give a hoot about other school systems. They give these students a little test and it marks them forever..." Ladner stated.

Ladner said the board discontinued the tests, ended social promotion of students and instituted in-school suspension.

Louie Ladner, incumbent District Three board member of the Standard Community, also appealed for support based on his experience and actions as a board member.

He noted he prompted establishment of a districtwide policy manual and written job descriptions for employees.

Ladner said he supports all Mississippi

tax reforms.

District Three Candidate Larry Wayne Peterson of the Necaise Crossing Community pledged to increase teacher salaries and benefits, "polish the tarnished image" of the school system, improve the student transportation system and 'refrain' from hiring relatives to district jobs.

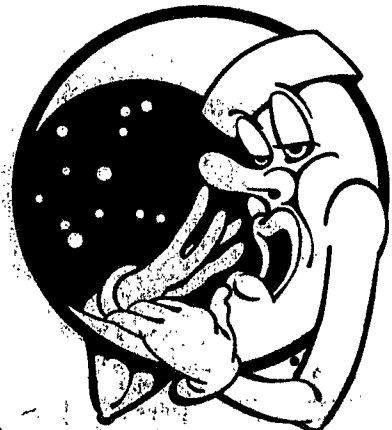

Tommy Shaw of the Crane Creek Community, another District Three candidate and a former board member, stated, "I will sit down with other board members and study our problems..."

He said he is concerned about the school district's future and the students and loves children.

Paul Smith, also a District Three contender of Crane Creek, said he would like to see district schools improve so students will have a better chance to advance later in life.

"I will work wholeheartedly to improve our school system. You will find

vote. The city clerk emphasized she has removed herself from counting any votes since she is seeking re-election as an alderman.

Arcelyn (Dee) Dastigue, deputy city clerk, is registrar of voters and will be assisted in the vote count by Harold Zimmerman, an alternate city election commissioner, Rappold noted.

Rappold said Ward One and Two voters will cast their ballots in the library meeting room and Ward Three and Four residents will vote in the book room.

All residents will vote for a mayoral candidate, Democratic Executive Committee members and one alderman candidate depending on the ward in which the voter lives.

The city clerk reported the ward boundaries are roughly Ward One—Nicholson east to the city limits, Ward Two—from Nicholson to Coleman and St. Joseph Street, Ward Three—Coleman and St. Joseph to Sycamore and Pine Ridge Streets, and Ward Four—Sycamore and Pine Ridge

to the western city limits.

City voter registration should be quicker because the usual two books have been now divided into four separate lists—one for each ward box.

Rappold reported the city voting boxes will be operated by Managers:

—Delores Richmond and Joe Roppolo at Ward One;

—Art McGrath and Burt Barrett at Ward Two;

—Dan Campton and Sharon Jacobi at Ward Three;

—Eunice Favre at Ward Four.

Balliffs for the city election are Jimmy DeBlanc for Ward One and Two, and Walter Turcotte for the other two wards, she said.

The city clerk also noted Thelma Ex-nicious and Anne Devalle will demonstrate how to use the new voting machines.

The City Election Commission will operate the election and the members are Ducre Bourgeois, Buddy Haverty and Lynn McGehee.

The polls will open at 7 a.m. and will close at 6 p.m.

Resolutions

seeking four property classifications for assessment and ad valorem taxation purposes is fair to all landowners.

"Without the classification of property it would be unfair to landowners," Compretta stated.

Smith said the law would also be beneficial to farmers who frequently have to own large tracts of land to make a living.

The Hancock County Farm Bureau, and farm bureaus statewide have campaigned intensively in favor of the resolution.

The measure would allow real property, except public utility land, to be assessed based on use regardless of its location.

Classes outlined in the resolution include real, personal, motor vehicles and public utility property excluding railroad and airline property.

COURT DISTRICTS

Smith reported House Concurrent Resolution No. 23 will help the state save money in the operation of Chancery and Circuit Courts.

"With this proposed law we may be able to shift case loads and reduce costs by eliminating the necessity to hire additional judges in areas with heavy case loads," he stated.

The senator cited that in the 15th Cir-

cuit Court District in Pearl River County another judge had to be hired due to an increasing number of cases.

"Redistricting will compel the legislature to redraw local court boundaries after each census and more evenly disperse case loads," he stated.

The resolution states that not more than 20 Chancery and Circuit Court districts shall be delineated statewide within five years after every federal census beginning with the 1980 census.

Along with establishing those districts the number of judges in each will be determined based on criteria to be established by the Legislature, the resolution lists.

ELECTION CHANGES

Compretta and Smith both report Senate Concurrent Resolution No. 517 which is also being offered in Tuesday's election will allow an elected governor to take office sooner.

They also said the measure would allow the governor to submit proposals at the beginning of the first legislative session after the his election.

Smith stated, "This will avoid having the Legislature sitting around for two or three weeks waiting for the governor to take office and submit his proposals."

me working 100 percent for our kids," he stated.

Circuit Court District Two Candidates Crockett Lindsey and James Thomas both sought support based on experience.

Lindsey reported he had heard all types of cases as a Gulfport City Judge for six years and been involved in all types of litigation as a lawyer for the last 12 years.

He also listed numerous organizations he is a member of and programs he has helped institute.

Thomas cited his eight years as an Assistant District Attorney involved in a variety of civil and criminal cases as a prime qualification.

He said he would strive to balance the rights of plaintiffs and defendants.

U.S. senatorial candidates Sen. John Stennis and Haley Barbour both sent representatives to speak at the forum.

Steve Grafton of Stennis' Washington, D.C. office emphasized the senior senator had helped locate government installations in south Mississippi which would continue with his re-election to office.

Regarding Stennis' age and ability, Grafton stated, "I've worked by him side by side. He's sharp and vigorous and still in control of everything..."

Steve Dickerson of Long Beach spoke on behalf of Barbour and noted the can-

didate's youth (35-years-old), membership in the majority party (Republican), and conservative philosophy as qualifications for the office.

Dickerson labeled 'rumors' of local government jobs being lost if Stennis is not re-elected as scare tactics by the opposition.

He said Barbour would propose utilizing south Mississippi military installations to help stop drug trafficking in coastal waters.

Evelyn McPhail of Diamondhead spoke on behalf of U.S. Rep. Trent Lott of Pascagoula.

She said Lott has and will work hard to solve Mississippi citizens' problems with the federal government in Washington, D.C.

Arlon Coate of Ocean Springs who is opposing Lott criticized the economic policies of the Republicans which he said is leading to economic ruin.

Hancock jail full of drunks Friday

By ELLIS CUEVAS

Business was brisk at the Hancock County Jail Friday night when a total of 10 persons were lodged for driving under the influence and public drunk from 7:30 p.m. Friday night until 7:30 a.m. Saturday.

The numerous arrests involving alcohol were made by Mississippi Highway Patrol state troopers and Bay St. Louis and Waveland police.

Additional charges of sexual battery have been brought against Thomas Wayne Salisbury, no address given according to Hancock Sheriff Ronald Peterson in connection with an alleged kidnapping of a nine-year-old Algiers, La. girl on Oct. 2, who was driven to

Pearlington.

Earlier this month Peterson said his office was assisting the Federal Bureau of Investigation in the case and the subject at that time was charged with allegedly kidnapping the young girl and driving her to Pearlington and then returned to Algiers.

On Saturday Peterson stated, "We have a hold on Salisbury whom the FBI has in custody. We are now waiting for information he allegedly gave to the FBI. When he is turned over to Hancock County his bond will be set at \$10,000."

Other than a large number of persons arrested in regards to alcohol, the sheriff reported things rather "quiet."

MISSISSIPPI CONSUMER REPORT

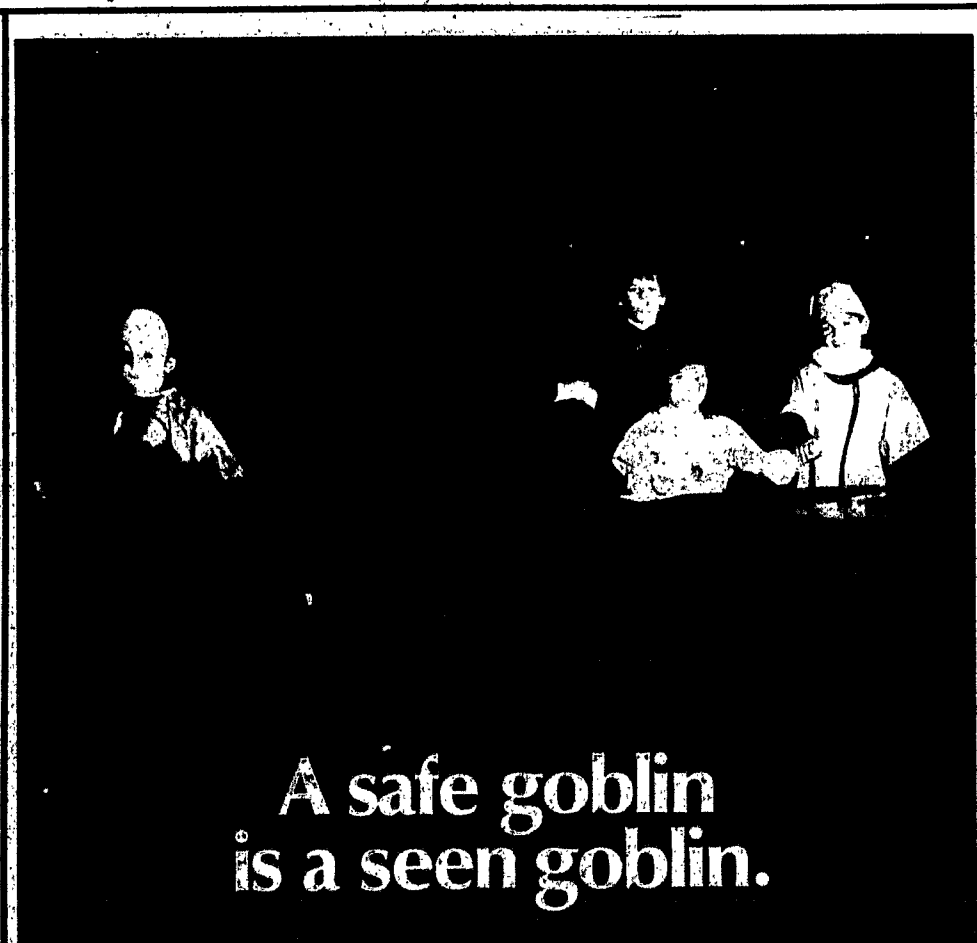

A Service of the Consumer Protection Division of the Office of Bill Allain, Attorney General
P.O. Box 111 Jackson, MS 39205 (601) 354-7131

Attorney General Bill Allain is alerting all Mississippi Consumers to take special precautions this year during the Halloween activities.

Allain says that due to the recent Tylenol murders, consumers have grown even more concerned than ever about the safety of their children this Halloween.

"Various candies have already been found laced with harmful materials," states Allain. Therefore, the Consumer Protection Division of the Attorney General's Office has issued the following precautions for consumers:

1. Children should be accompanied by an adult.
 2. Visit only familiar homes or neighborhoods.
 3. Check candy wrappers and all treats for signs of tampering.
 4. Dispose of any unwrapped candy.
 5. Inspect both exterior and interior of all candy and treats.
- Allain says that his office hopes to make consumers more aware of the possible hazards of trick-or-treating so that this great American tradition will not end up as a grave American tragedy.

A safe goblin
is a seen goblin.

Let's make sure our goblins are seen this Halloween. A ghost of ginsy (Ginsy) found the blends in with the surroundings... especially on a darkened street.

One of the best safeguards is also easy to find: a Halloween reflector. Some reflectors are already built into Halloween costumes; others are sold separately and are easily attached to any costume. They help your kids stand out from the crowd. And the dark.

Reflectors are just one of the ways you

can help make this Halloween safer. Be sure the tricks your kids are up to are just good fun, nothing harmful.

And be sure they check out the treats they receive for unsavory effects. Another way to steer clear of trouble is to trick-or-treat only in the neighborhoods you know.

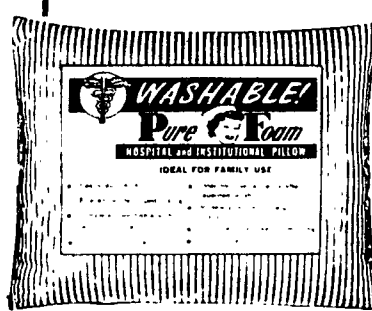

Halloween is one of the holidays our kids enjoy most. To make sure it stays that way, pick up a reflector today. It'll give your goblin a healthy Halloween glow.

Tuesday, November 2!

**Bits 'n
pieces**

Tuesday is a very important day, it is a day in which a U.S. Senator, U.S. Representative, Circuit Court Judge, four amendments to the Mississippi State Constitution, two school board members in the Hancock County School District, and the officials for the City of Waveland will be elected.

Every vote counts, and we can well remember several Waveland elections in recent years when only one vote made the difference in a race.

We urge all qualified electors to please go to the polls on Tuesday and vote for the candidates of their choice.

Call your neighbors, folks without transportation, help them get to the polls.

Remember, the polls open at 7 a.m. and close at 6 p.m.

If you feel a little sleepy this morning, you may want to go back to bed for another hour as we fell back one hour last night.

We got caught one time on the fall back and spring forward and even had some folks remind us of the correct procedure again this week.

It sure will be hard getting used to darkness arriving before 5:30 p.m.

There were some mighty good looking livestock on display at the Annual Hancock County Fair this week. It was good to see the tender care given the animals by the many young boys and girls of our county.

There seemed to be more livestock entered in the competition than in recent years.

We know there were many activities for those of all ages and the members of the Hancock County Agent's office and Extension Service should be commended for their efforts in having so many people participate.

The kids involved with the Field Day supported by the Bay St. Louis Rotary Club enjoyed themselves as well as the Rotary members.

If you missed the fair this week, you may want to try and be sure to visit next year's.

Well today is Halloween and we realize there is confusion about which day to celebrate.

There will probably be a lot of youngsters out on the roads tonight, so please drive carefully.

Let everyone have a happy holiday.

East Hancock Volunteer Fire Department needs additional assistance in building fire station

October 29, 1982
Editor
The Sea Coast Echo
Bay St. Louis

Dear Sir,
Something wonderful is going on in our part of the world!

In a magnificent spurt of community spirit, the citizens of East Hancock County, especially those in the Garden Island Community, have united in an effort to build a new fire station and purchase a fire truck for the East Hancock Volunteer Fire Department!

The new fire station is already under construction on Chapman Road near Washington Road and is due to be completed by Dec. 1.

Perhaps you have noticed this. Members of the Garden Island Community Association have had yard sales, donations drives, bingo benefits and other activities to raise money for the Fire Station Fund.

To date they have raised more than \$5,000 towards the needed \$50,000 for a station and a good used fire truck. That's community spirit!

But the East Hancock Fire Protection District covers much more than the Garden Island community area. It covers the area north of Bay St. Louis city limits to the Jourdan River and west to Hwy. 603 including Shoreline

Park subdivision.

Therefore we are now asking an appeal for contributions towards completion of the station and purchase of a fire truck.

The good people of the Garden Island community have done their part and it is up to others in the district to help out too.

To those outstanding citizens who contribute a tax-deductible \$100 towards the fire station or truck, we will enroll them in the district's Century Club. Their contribution will become a "brick" in the construction effort, and their names will be engraved on a brass plaque on the wall of the new station.

While that recognition is well deserved, the real reason for making such a substantial contribution is that East Hancock needs top notch fire protection.

Won't you please make a contribution towards this fire protection?

Our Community Association has set up a savings account for the Fire Station Fund, and our Treasurer Leta Matthews, Rt. 4, Box 387, Bay St. Louis, is prepared to receive and deposit your check in that fund if you mail it to her. Thanks!

Jackson County superintendent of schools urges voter rejection of lay school board amendment

October 15, 1982
Dear Editor:

Mississippians cannot afford to swap educational problems!

The current hubbub being raised across our state concerning the politically appointed state lay board of education, deserves a close look by the electorate.

No one denies there is need for change in the public school system policy and procedure for operation —yet, we cannot afford to foster a greater problem merely for the sake of change.

Before you vote on Senate Concurrent Resolution No. 506, (the politically appointed state lay board amendment), consider these facts:

1. The proposed amendment calls for a politically appointed state lay board of education. Not one is to be elected by the voters of the state! Of the proposed nine member board, the governor is to appoint five members, the Lt. governor is to appoint two members, and the speaker of the house is to appoint two.

2. The state superintendent of education will then be appointed by the nine member politically appointed state lay board of education.

3. There is no assurance of state-wide equality of representation on this proposed board. As many as seven appointments could come from any one section alone!

4. There is no assurance of input by the citizenry of our state toward these positions. They will be answerable only to their appointers.

5. The right of democratic choice will be forever denied the voters of our

state, to select their leaders in the field of education.

6. The present governor, who by his won statement is committed to education, will have no appointments —he goes out of office six months before the proposed politically appointed state lay board would take office.

7. The boys and girls of our public school system would be under the educational direction of a politically appointed group of directors, if this amendment were to pass.

For these and other reasons, this proposal is totally unacceptable for Mississippians.

What is the alternative? Reject the current proposed constitutional amendment, and pressure the legislature for an acceptable legislative proposal creating an effective state lay board of education.

Politicians love to appoint! I join the vast majority of voters of the state of Mississippi, in believing the voters of the state can make an intelligent choice in selecting their leaders —including the state superintendent of education.

Nov. 2, 1982 —a day of choice—for the school children of our state. Let us not yield their future voice in governmental affairs.

State Ethics Commission is proper agency to handle complaints against public officials

October 27, 1982

To the Editor
The Sea Coast Echo
Bay St. Louis, MS

Dear Sir:
In the past several weeks I have observed letters appearing in the Echo complaining about public officials, mainly the law enforcement in the community. For example, the article entitled "Law Enforcement Officers Indifferent to Woman's Complaint," "Bay Police towed legally-parked truck," etc.

I wish to make a suggestion to the public. If you have a complaint about a public official, whether it be city, county, or state, including local law enforcement personnel, I suggest you write a letter to the following:

Mr. Robert L. King, Mississippi Ethics Commission, P. O. Box 22746, Jackson, Miss. 39205.

Mr. King is an investigator for the Ethics Commission, and his primary job is to investigate alleged wrong doings among public officials.

Be sure to include in your letter the details of your complaint, any suggestions for improvements or actions you feel should be taken, your phone number, and be sure to sign your letter.

All correspondence is held in strict confidence.

The Ethics Commission has enormous power and their main purpose is to correct improprieties, mainly among public officials.

Unless the public takes the initiative to file a written complaint, they cannot, and will not act, therefore, it is up to you the public to initiate the action.

Bay St. Louis Police Department efficient in clearing auto stripping incident

Oct. 29, 1982

Sea Coast Echo
Bay St. Louis

Dear Sir:
I know the Bay St. Louis Police Department has been receiving criticism in recent months on many subjects.

I would like to tell the residents of an experience that happened at my residence on Thursday, Oct. 28. As my wife went to get into our automobile to go to church, she discovered the four

wheels and hub caps were missing and the car sitting on the ground.

I called the Bay St. Louis Police Department and Chief Douglas Williams came to my residence to investigate the incident.

My wheels and hub caps were returned to me in less than eight hours by the Bay PD and a suspect has been arrested.

All my wife and I can say is that this is very fast police action.

Sincerely,
Eugene (Gene) Monti

Is justice served when \$20,000 shortage in public office is classed a misdemeanor?

Letter to the Editor
The Sea Coast Echo

What's fair?

"Or is it who you know?"

Recently my son Wayne Champagne was sentenced to serve five years in the state penitentiary for theft by trickery. He had been given the keys to test drive a truck, but didn't return it.

Now here comes Mr. Henry Otis, pleads guilty to misconduct in bookkeeping (but has to pay back \$20,000) on a misdemeanor charge.

He only lost his job. This is what we

are supposed to call justice?

I understood that any time a person took or stole \$100 or more it was a felony.

Guess this only applies to the ones who know the right people.

I am not implying that my son was right in what he did but I always thought we had "Liberty and Justice for all."

Thank you for letting me have my say.

Sincerely

Show good faith by sending check to help Henry Otis through bad time

Oct. 22, 1982

Letter to the Editor
Sea Coast Echo
Bay St. Louis, Ms.

Dear Sir:

I have been very distressed over this matter with Mr. Henry Otis. I could not believe that he ever converted anything to his own use that belonged elsewhere.

My experience with Mr. Otis was when I was much younger and really didn't have extra money. He gave me my marriage license as a gift.

In talking to others in the community I have found that I am not the only one he has not charged for services.

I would like to suggest that everyone who has received help from him would return the favor now as I plan to do in his time of need.

I am going to send him a check to help him over this bad time and to show good faith.

Won't the rest of his friends help too?

Yours very truly,

Closing Gumbo Festival no answer to excessive use of alcohol by some

October 22, 1982

Editor
Sea Coast Echo
P. O. Box 230
Bay St. Louis

Dear Sir:

Regarding Dan Caldwell's letter in Thursday, Oct. 21 issue—

I was unaware that the whole county had to conform to "The Southern Baptist Doctrine" and if we do our beloved nation is in serious trouble!

If the Reverend Caldwell's premise is correct then all fairs, circuses, assemblies, office parties, country clubs, beaches and every other type of open-to-the-public event must be cancelled.

I would like to point out that Christ Jesus turned the water into wine for the wedding party.

Too much religion can be murderous as in the South America incident, Northern Ireland and the Middle East, not to mention the Pilgrims and the Inquisitions.

Many of us common people don't want to be anything but quiet, calm

Catholics and let other religions, which do not pursue identical doctrines, tend their own followers.

The Gumbo Festival is an asset even though there are people who use excessive alcohol.

Why not close the town because there are a few bums in residence?

Have a great year,
Sidney Watson O.D.

BUDGET: CONGRESS MUST NOT RETREAT

The odds seem to be growing more dismal every day that the U.S. House of Representatives will be able to achieve budget savings of more than \$27 billion called for in the budget resolution approved earlier this year.

In fact, the House has so far failed miserably to comply with "reconciliation" instructions which were included in the resolution. Reconciliation is the process through which appropriations are reduced to the level of spending approved by the budget resolution.

The House after passage of the last of the reconciliation bills has fallen \$10.4 billion short of achieving the required budget savings.

House committees were ordered to reconcile more than \$27.1 billion in savings over the next three years, but they have managed to come up with less than two-thirds of the savings. The figures include savings claimed by the House Ways and Means Committee which were not from budget cuts.

The committee claimed savings of \$18.9 billion over three years, but \$11.3 billion of the reductions were from tax increases and not spending cuts. If the tax increases are eliminated, the committee came up with only \$7.6 billion in real budget savings.

Other committees were ordered to make \$13.4 billion in spending cuts but came up with only \$9.1 billion in savings.

The record of the liberal Democrat majority in the House represents a sad commentary on the ability of the House

to cut federal spending, even after passage of a budget resolution which demanded savings.

Couple the reluctance of the liberals to cut spending with the fact that the Appropriations Committee has come to the floor with even higher spending requests and you begin to see a major problem.

For example, requested appropriations for the Departments of Justice and State, the Judiciary and other agencies were increased last week. The bill appropriated \$9.1 billion for the fiscal year, a net increase of \$546.7 million over last year's funding.

It contained unrequested funding for the Legal Services Corporation, too much money for a variety of obscure international boards attended by the State Department and an unauthorized appropriation for the Federal Trade Commission.

I oppose the legislation. The bill was the first appropriation bill to reach the floor this year and it is only one of some 13 appropriations bills which must be approved by Congress. If this bill is a harbinger of others to come, then the fight to cut spending is just beginning.

I will continue working to cut excessive spending both in the appropriations process and in other ways. Hopefully, Congress will not retreat on the progress that was made in 1981 and will make good on its commitment to the American people to get spending under control.

WHY JAMES THOMAS SHOULD BE OUR NEXT CIRCUIT COURT JUDGE.

Over 2,000 cases are filed every year in the Circuit Court of Hancock, Harrison, and Stone Counties. Tough cases. Like murder. Rape. And robbery.

So, when our new Circuit Court Judge takes the bench, he's got to have the experience to take charge. Immediately.

He Has the Experience We Need.

James Thomas' experience isn't limited to just one city. As our Assistant District Attorney, he's tried cases in the courtrooms in Hancock County, Harrison County and Stone County.

He knows the law. He knows how the Circuit Court works. And he's in touch with the people he serves.

In Touch with the People.

James Thomas grew up on the Coast, the son of Christine Thomas and the late L. E. "Tommy" Thomas of Gulfport. You may remember his father Tommy, an Interstate Life Insurance agent who worked in the Bay, Waveland, Kiln, DeLisle and Pass Christian area.

James Thomas worked his way through college at USM. Then he earned a law degree from Ole Miss and went to work in private practice.

Now he lives in Biloxi with his

wife Sue, a Biloxi schoolteacher, and their 3-year-old daughter.

Let's Elect James Thomas.

As Assistant District Attorney, James Thomas has worked for all the people in Hancock, Harrison, and Stone Counties.

He's prosecuted hundreds of cases in the same courtrooms he'll preside over as judge. He's got the knowledge and experience we need.

On November 2nd, let's elect James Thomas, Circuit Court Judge.

FIREPLACE CARE

Most people whose homes feature a fireplace know that the fireplace is one of the least efficient ways to heat a house. But most people still like to use the fireplace because of its warm glow. There are several ways to add to the enjoyment and efficiency of a fireplace.

Before cold weather sets in, check the chimney for obstructions and creosote build-up. Creosote, a highly flammable material, is found in all types of wood. It is a leading cause of chimney fires.

A cold chimney will not draw as well as a warm one. Before lighting the fire, hold a lighted roll-up section of newspaper near the top and rear of the fireplace. This warms the chimney and keeps smoke from backing up into the room when the fire is started.

Allow ashes to accumulate to a depth of about one inch on the hearth. The layer of ashes acts as insulation and helps the fire burn more efficiently. Add new logs to the rear of the fire so they will reflect light and heat into the room.

If the house has central heating, turn it off while the fireplace is in use. Otherwise, the fireplace will draw the heated air up the chimney and hinder rather than help the heating system.

Sparks are always a source of danger. Use screens or glass doors in front of the fire to keep sparks from falling on the carpet or floor. Don't leave children unattended in a room with a fire.

More information about fireplaces is available at the county Extension Office. **DON'T USE THIS YEAR'S COMPOST**

If you are thinking about making compost from this year's garden residue, it's not a good idea.

Too much rain this summer kept many gardeners from spraying for diseases as often as they should have. As a result, there were more disease problems in home gardens than normal.

The diseases can overwinter on the decaying plant tissue and cause severe problems next spring. To avoid this, don't turn under the garden residue or use it as compost.

You also should have your garden soil tested, even if bumper crops were produced in the past without tests. You may be able to continue enjoying the good harvest without spending as much on fertilizer.

HEATERS REQUIRE CAUTION

Anyone who uses portable kerosene heaters to warm homes may be endangering their health and safety if they aren't extremely careful in operating the appliances.

In addition to posing a severe threat of fire, portable kerosene heaters lower the quality of the air in the home. Manufacturers recommend leaving a window or door open at least one inch when the heaters are in use.

Many individuals often disregard this suggestion. When that happens and the heater is operated in an unventilated area, dangerous levels of carbon monoxide can

develop. You can't see or smell the deadly gas.

Simply getting out of the room and into fresh air isn't always enough to prevent carbon monoxide poisoning. It's possible for a person to die of suffocation even after being removed from the room where the poisoning happened.

Some early symptoms of carbon monoxide poisoning are dizziness, drowsiness, headache, nausea and/or vomiting. If you do use a kerosene heater, use these precautions.

Never leave children unattended with a burning heater. Use only clear white kerosene. Lower grades will clog the heater and make excessive smoke.

Open the door or window at least an inch. Even though you may not experience carbon monoxide symptoms, the accumulation of even small doses can be dangerous over a period of several weeks.

No Social Promotions in our schools.

Department heads in the field of English, math, science and social studies.

In-school suspension instituted.

Six years ago, I came to you, the voters of the Hancock County School District, asking you to elect me your School Board Member from District Four, and in return I promised you six years of DEDICATED SERVICE. You did elect me, and I, in return did my best to render you that service.

During the past six years, I attended all meetings but four, two of those I was hospitalized, one I was attending a National Conference on Transportation in Phoenix, Arizona, and the other was for a very personal reason. I not only attended the meeting in Phoenix, but attended National, Regional, and District meetings whenever possible. I believe those meetings have helped me be a better, more effective board member.

Thanks for the honor and privilege of serving as your board member for the past six years. If re-elected, I promise to continue to work for a brighter and better future for your children.

Tigers waste Hawks to continue conference quest

By EDGAR PEREZ

A devastating combination of running and passing by Tigers Mike Proulx and Harold Gillum was too much for the Hancock North Central defenses Friday night in Tiger Stadium where BHS wasted HNC, 22-6.

Quarterback Proulx rushed for some 135 yards on 15 carries, including touchdown runs of four yards in the second period and 15 yards in the fourth quarter.

In addition, Proulx led the Tiger passing attack which was good for another 67 yards against the hapless Hawks.

Gillum picked up some 111 yards on 16 carries, boosting the Proulx-Gillum total to almost 260 yards rushing.

Hancock scored twice early in the first period, with a Bret Favre to Cedric Goff touchdown pass nullified due to a procedure call.

A high snap from center ended the Tigers' first possession on fourth down. The Hawks recovered and took over on the Bay nine.

HNC halfback Mark Santalla combined runs of five and four yards to post the

Hawks' only official tally.

Bobby Beech followed an unsuccessful Pat attempt with a kickoff into the Tiger end zone, giving the hosts their second possession at their own 20.

A loose ball, however, on second down was recovered by Goff.

Favre hit Goff in the end zone on fourth and goal from the Tiger three, but the play was cancelled.

Tiger split end Darrin Smith intercepted Favre's next attempt and the Tigers switched to offense again, this time at their own six.

Both teams exchanged the ball on fumbles before Proulx led the Tigers to the Hancock four, a drive highlighted by a 25-yard run by the Bay quarterback on which he broke from several Hawk defenders.

Proulx posted his first TD from the four with seven minutes left in the second quarter.

Mark Davis' extra point was good and the Tigers went to the lockers at half with a 7-6 lead.

Davis attempted a 28-yard field goal early in the third

period but the kick was wide left.

Proulx blocked a Hawk punt to set up a Tiger drive late in the third period, highlighted by Gillum bursts for short yardage and a 24-yard Proulx completion to Mark Johnson.

Gillum capped the march in the opening seconds of the final stanza with a one-yard touchdown effort.

The Tigers lined up for a Davis extra point attempt, but Darrin Smith bobbled the snap.

Smith, in the Navy tradition of CYOA, picked up the ball and whipped it to Johnson who was wide open in the end zone.

The extra two points set the Tigers out front 15-6.

Favre hit Goff for a 35-yard completion in the fourth period, but the opportunity was lost when the young quarterback lost the ball two downs later to Tiger Charles Hawkins.

Gillum carried for some 50 yards on the ensuing Tiger drive which was capped by an 11-yard touchdown dash by Proulx in which he again scattered Hawk tacklers in all directions.

Davis kicked an extra point to fix the scoreboard at 22-6 Tigers.

Santalla took the Tiger kickoff from his own 14 some 30 yards to the HNC 45, and followed that run with another burst to the Bay 25.

But Tiger Jerome Thomas quashed Hawk hopes with an interception at his own ten.

The Tigers were able to run out the clock and continue their hopes to take a Deep South Conference Championship.

Smith coach Snuffy Smith said Saturday he is concerned a conference practice of counting points scored during the season to break a tie may work to the advantage of Stone County.

Smith said he would prefer a coin toss to settle a tie in the standings.

"We don't make a habit of running up points against a weaker opponent," Smith explained.

Bay High closes next week against St. John of Gulfport, a non-conference opponent.

Hancock will host Pearl River Central, a north-county next-door rival.

ELEVEN COME ELEVEN—Pass Christian quarterback Jamie Jenkins, No. 11 with the ball, runs head on into his numerical counterpart, John Killeen, No. 11 of St. Stanislaus. Although stopped for a short gain on this play, Jenkins accounted for

four touchdowns, two passing and two running to lead his team past the visiting Rock-A-Chaws, 39-21. St. Stanislaus has never beaten the Pirates. Pass Christian leads the eleven game series 9-0-2. (Echo photo by Randy Ponder)

Pirates dump Rocks, 39-21

By RANDY PONDER

Pass Christian scored in every quarter, amassing nearly 400 yards of offensive punch, and more than doubling their season point total, to bushwhack the visiting St. Stanislaus Rock-A-Chaws, 39-21, Friday night in a Deep South Conference football game.

Prior to this contest the Pirates had scored a total of 37 points in eight ball games.

Ben Fields put the Pirates in front early with a dazzling 92 yard punt return. Ramone Henderson added the point after, touchdown as Pass Christian staked claim to a 7-0 lead.

St. Stanislaus tied the game on the first play of the second period. Mark Tubre took a short pass from quarterback Matt Scardino, broke several tackles and rambled 35 yards for the points. Russ Betcher booted the PAT.

The opportunistic Rocks took the lead on the next series when a snap from center sailed over the punter's head and rolled into the endzone. Jimmy Thrifflay recovered the Pirate miscue for an easy touchdown. Betcher tacked on the extra point, putting St. Stanislaus on top, 14-7.

On the Pirate's next possession, tail back Fields slipped across the goal line, for his second touchdown, on a 27 yard run after taking a hand off from quarterback Jamie Jenkins capping a 66 yard drive. A two point conversion attempt was stopped short of the endzone, leaving the Rocks in front 14-13.

After holding St. Stanislaus on their next set of downs, the Pirates mounted another scoring drive to take the lead for good.

Jenkins kept the football and crashed over the goal

from nine yards out to put his team ahead. Jenkins then passed to Henderson for a successful two point conversion to build the Pass advantage to 21-14.

On their first possession of the second half, the Pirates marched 51 yards in eight plays to add to their lead. Jenkins dived over from the one for his second TD upping the lead to 27-14. A two point conversion try failed.

Three minutes later the Pirates padded their lead when Jenkins fired a strike to a wide open Irvin Hall in the middle of the field. The 65

yard touchdown pass play upped the score to 33-14.

Early in the final stanza, St. Stanislaus drove 58 yards to tighten the game at 33-21. An eight yard pass from Scardino to John Killeen accounted for the points. Betcher again added the extra point.

Pass Christian's final TD came with 1:20 remaining on the clock. Jenkins found Henderson, all by his lonesome, and connected with a 28 yard scoring pass. The PAT was wide of the mark.

Pass Christian accumulated 14 first downs to the Rock's 9. The Pirates out rushed St.

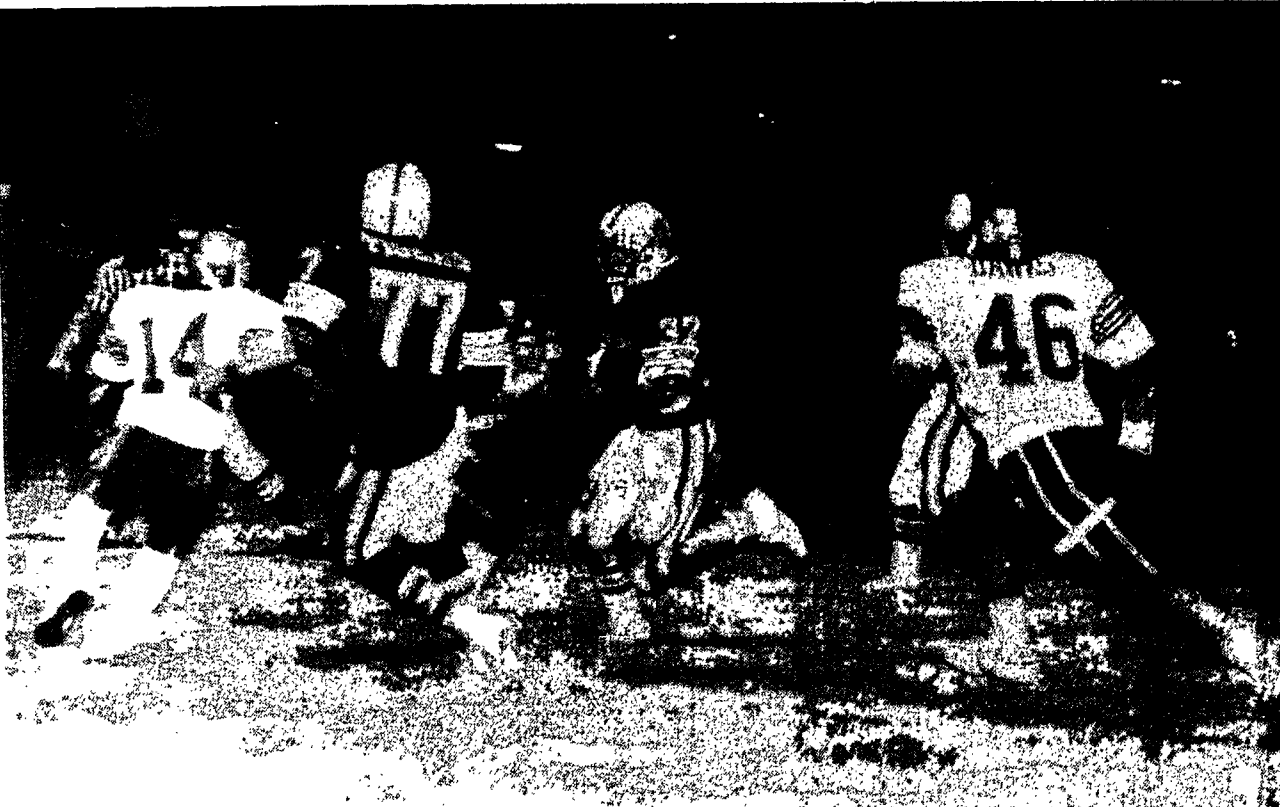

Stanislaus 258 yards to 64. In passing yardage, the home team had 140 yards and the visiting Rock-A-Chaws earned 98.

The Pirates are now 2-7 for the year and will host the Long Beach Bearcats Friday night for homecoming.

St. Stanislaus falls to 1-8 and is still looking for their first ever win over Pass Christian. The Pirates lead the series, 8-0-2.

Vanceleave will be the Rocks opponent next week in the last game of the season. Kickoff is slated for 7:30 p.m. in Bay St. Louis.

Junior Tigers clinch championships

By EDGAR PEREZ
The Bay St. Louis Junior High School Tiger football team, with a decisive 33-6 victory over the Hancock North Central Juniors Thursday night, locked up the Deep

South Conference Championship, County Championship, and a berth in the 1982 Mullet Bowl.

The Tiger Ninth Graders' opponent in the post season event Nov. 11 at Tiger

Stadium is not yet selected, Bay coach Cleveland Williams said Saturday.

A spokesman for the Bay High Booster Club, sponsors of the Mullet Bowl, said Friday

night competitors in the affair will be signed in 7:30 p.m. ceremonies Wednesday night at Gulf National Bank's Civic Room in Bay St. Louis.

In Thursday night's action in Hawk Stadium, HNC

halfback Stanley Jordan returned the opening kickoff some 62 yards to set up his squad's only score.

Quarterback Brett Favre handed off to fullback Nathan Davis who went in for the six points.

Duke Cuevas' kick for the extra point was blocked.

Still early in the first period the Tigers struck back when quarterback Jeffrey Smith connected on a 45-yard aerial to halfback Matt Fairconnetue for a touchdown.

A Stacey McRaney PAT kick was good, giving the Tigers a 7-6 edge.

Smith hit the scoreboard in the second quarter on a three-yard keeper for six points.

And McRaney added another PAT, giving the Tigers a 7-6 margin at the half.

Smith hit Todd Mannion, Doug Burge, Dennis Deer, Muttakabbia Shabazz and Fairconnetue in a third period aerial attack which complemented a Tiger rushing offensive spearheaded by Jesse Parker, Smith and Willie Lewis.

Bay High's second half scoring came on seven-yard run by Parker; a two-yard plunge and a 50-yard punt return by Lewis.

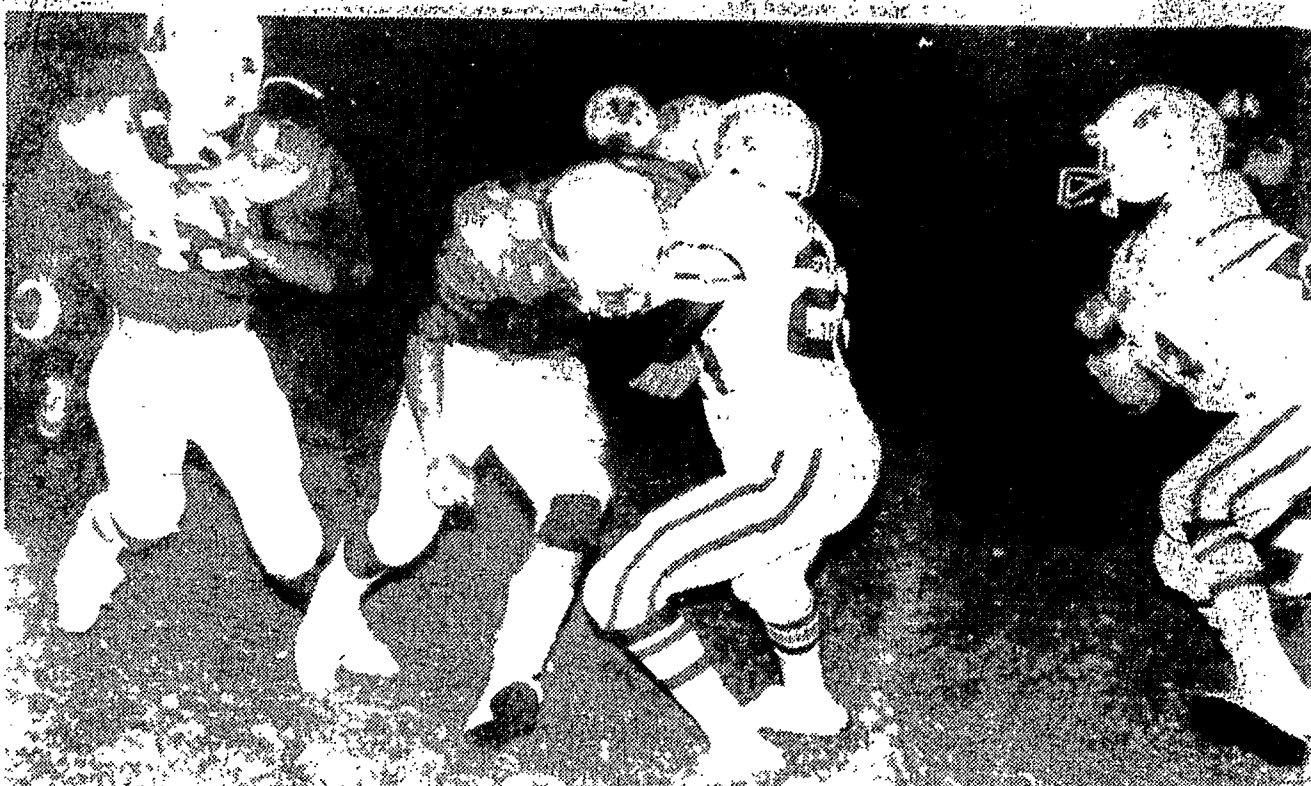

The 50-yard scoring return was followed by a two-point try which failed.

A third McRaney kick after Lewis' two-yard TD was good, setting the Tiger victory at 33-6.

"Our offensive line, which has done a superb job all season, played well again Thursday against the Hawks," Williams said.

"We opened holes and gave protection to the quarterback at crucial times," the Tiger coach continued.

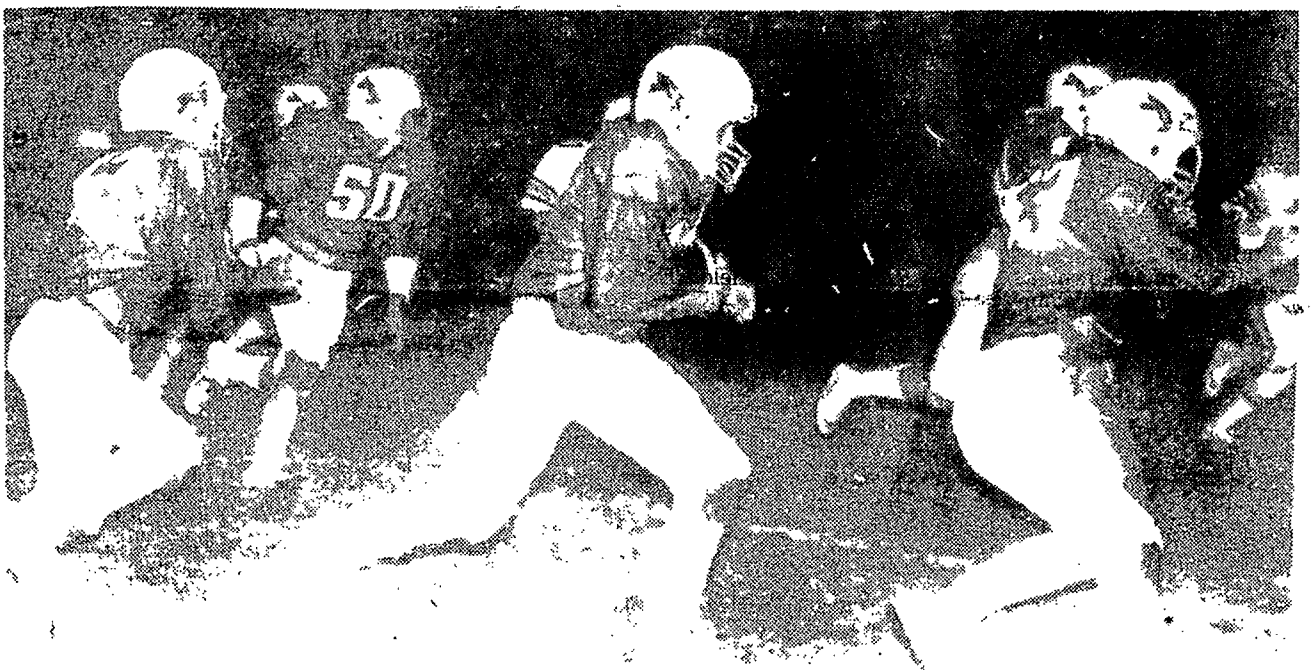

Williams noted the Tiger defense gave up a meager 38 points through the season, while the offensive unit posted 154, averaging 19 points per game.

FARM-STORED GRAIN

Franklin A. Gennin, ASCS county executive director, cautions farmers not to jeopardize the farm-stored loan program by removing grain without obtaining permission.

The program authorizes loans to farmers who hold their grain off the market to benefit from price increases that often come later in the season after harvest.

The grain under loan is then stored in an approved facility on the farm or in a commercial warehouse.

"Any removal of mortgaged grain before repayment of the loan or receipt of release authorization is considered unauthorized removal and subject to penalty," Gennin said.

Program regulations require that farmers notify ASCS if they intend to sell the grain, or if the grain is out of condition and needs to be moved.

Gennin said if the grain is to be used for feed, the loan must be repaid before it is removed from the storage bin.

Unauthorized removal of

reserve grain or grain under regular loan will result in the immediate repayment of the loan, plus interest, plus penalty, plus early redemption if applicable, denial of further loans and possible investigation by the Office of The Inspector General.

FEED GRAIN AND WHEAT

Pearl River and Hancock County farmers can now sign up for the 1983 feed grain and wheat acreage reduction programs, according to Gennin.

The program requires that farmers reduce their wheat and feed grain planted acreage by 20 percent of the established base to qualify for program benefits.

Acreage reduction requirements are 10 percent with a 10 percent paid land diversion for feed grain, and 15 percent with a 5 percent paid land diversion for wheat.

All farmers with an established base who plant feed grain and/or wheat are eligible to participate in the voluntary programs. Those who sign up will be eligible for land diversion payments, deficiency payments, and price

support loans.

"Farmers may request 50 percent of the 1983 diversion payments and 50 percent of the projected deficiency payments when they sign up for the program," Gennin said.

Land diversion payments have been established at \$1.50 per bushel for corn and sorghum, \$1 for barley, 75 cents for oats, and \$2.70 per bushel for wheat.

"The land diversion payment is based on one half the per bushel payment rate times the farm yield times the acres diverted."

Gennin said if a farmer accepts an advance payment and later does not comply with the acreage reduction program provisions, he or she will be required to refund the amount of the advance payment plus interest. Interest charged will be the rate in effect for commodity loans on the date of the advance payment, plus 5 percent points.

The projected per-bushel deficiency payment rates are: corn, 21 cents; sorghum, 20 cents; barley, 15 cents; and wheat, 65 cents.

Many criminals are never caught. But every victim is always punished. No wonder the fear of crime consumes our community.

Electing judges who will deliver tough sentences to repeat offenders can keep criminals off our streets. That's why Crockett is running for Circuit Court Judge.

There's no substitute for experience. Your next judge must be trained and prepared to tackle difficult and complex issues. Crockett's experience as both a municipal judge and former President of the Mississippi Municipal Judges Conference has prepared him to be an effective judge for Harrison, Hancock and Stone Counties.

As a family man, Crockett is concerned about the fear of crime. As judge, he's prepared to do something about it!

THIS TUESDAY, NOVEMBER 2, YOU CAN MAKE A DIFFERENCE. PLEASE GIVE CROCKETT LINDSEY YOUR VOTE.

I want to insure all the citizens of Ward 2, Waveland, that I am not a politician, but a businessman with over 15 years of management experience as a general contractor with Ashman & Son Construction and as a broker for Mollera Realty. I believe my expertise will allow me to help the city make the necessary improvements that you want.

The following improvements are the results of a questionnaire that most of you received and returned:

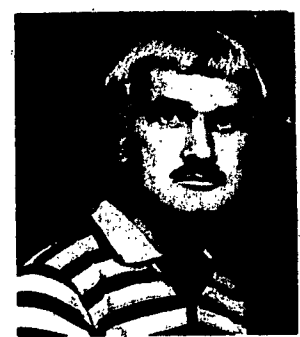

- 1) Enforcement of litter, glass and dog laws.
- 2) Resurface our main roads.
- 3) Improve drainage.
- 4) Revision of Zoning Ordinance.

I would like all those that haven't returned their questionnaire to please do, so that I may have a more accurate list of priority improvements.

Looking Forward to Working for You

Afternoon vows unite Moran, Burge

Crane Creek Baptist Church was the setting for the October 9 marriage of Rebecca Dinell Burge and Tony Eugene Moran. The bride is the daughter of Mr. and Mrs. Bobby Burge of Crane Creek. The groom's parents are Mr. and Mrs. Pete Moran of Catahoula community.

Rev. James P. O'Hara officiated at the 2 p.m. double ring ceremony.

The altar was decorated with baskets of pink and white chrysanthemums and ivy trimmed candelabra. A brass arch was adorned with greenery and topped with a spray of flowers. Magnolia leaves decorated the church windows.

Musical selections were provided by Paula Necaise who sang "The Rose" and "The First Time Ever I Saw Your Face" and Bobby Burge and

Leticia Burge who sang "Walk Through This World With Me," accompanied by Paula Necaise.

Given in marriage by her father, the bride wore a formal gown of chantilly and embroidered laces fashioned with Queen Anne neckline embellished with seed pearls, and fitted lace sleeves with wide ruffle cuffs. The full skirt was edged with several rows of lace ruffles extending to a cathedral train. She wore a Camelot headpiece adorned with pearls, which held a two-tiered veil of bridal illusion edged in matching lace.

She carried a cascade of white silk roses and rosebuds with pink, white and wine baby's breath and pink and wine ribbon streamers.

Suzette Necaise of Standard, cousin of the bride, was maid of honor.

Bridesmaids were Leanne Necaise of Crane Creek; Leticia Burge of Perkinston and Patti Moran of Catahoula, sister of the groom.

The attendants were attired in matching gowns of wine polyester organza over taffeta, fashioned with ruffled necklines, capelet sleeves and fitted waistlines. The flared skirts with flounced hemlines were caught up in the back in a bustle effect. They wore white hats with pink and wine decoration pinned on one side, and carried long stemmed white silk roses with pink and burgundy ribbon.

Deanna Necaise of Crane Creek served as flower girl, and wore a dress identical to the bridesmaids' with a hair

ornament of pink and white baby's breath and ribbon.

Perry Moran of Kiln served his brother as best man.

Groomsmen were Kurt Necaise of Standard, cousin of the bride; Mark Moran of Catahoula, brother of the groom; and Don Moran of Catahoula, cousin of the groom.

Brandon Shaw of Crane Creek was ring bearer.

The bride's mother chose for the occasion a street length gown of gray polyester knit with metallic trim. The mother of the groom wore a formal gown of dusty rose with deep V-neckline and cascading ruffles trimming the front.

A reception followed the

ceremony at the Knights of Columbus Hall in Kiln.

The bride's table held a three-tiered cake trimmed with white sweet peas, pink and burgundy roses.

Tea girls were Tamara Moran of Long Beach; Dana Moran, Rachel Moran and Haleigh Moran, all of Catahoula. Rice girls were Lisa Moran and Letisha Moran.

Mrs. LaRhonda Ladner attended the guest register.

The couple will reside in Crane Creek community.

Out-of-town guests included Mr. and Mrs. John G. Shaw and family and Rebecca Galloway of Covington, La.

SUNDAY, OCTOBER 31, 1982-1B

Johnson, Parks to exchange vows

Mrs. Marie T. Johnson of Bay St. Louis announces the engagement and forthcoming marriage of her daughter, Lori Ellen Johnson, to James L. Parks Jr., son of Mr. and Mrs. James Parks Sr. of Harahan, La.

The bride-elect is a graduate of Our Lady's

Academy High School. She was graduated from the University of Southern Mississippi with a degree in marketing and management, and is employed with D. H. Holmes Co. where she is manager of the sportswear department at Lake Forest Shopping Center in New Orleans.

The prospective groom is a graduate of De LaSalle High School. He attended Louisiana State University in Baton Rouge, and is employed with Union National Insurance Co. in New Orleans.

The couple will exchange vows in a 3 p.m. ceremony November 27 at Our Lady of the Gulf Catholic Church.

Diamondhead gardeners claim state awards

The Diamondhead Garden Club held its October meeting at the Country Club, with Mrs. George Kollasch presiding. She announced the following awards recently received from the Garden Clubs of Mississippi: Certificate of Merit for participation in the Youth Nature Camp; Certificate of Merit for outstanding participation in federated projects; Blue and Gold Certificate for horticulture and the club was an Honor Roll

Club. The 1981-82 scrapbook competition was held in deference to Diamondhead's own spring bulb project.

Mrs. Johnnie Boatright, butterflies chairman, gave a talk of the dwarf blue Brepidium isophthalma.

Courtesy chairman, Mrs. Cassie Boutte, said she had sent cheer cards to Miriam Haggard, Dixie Ogden and Blouche Devine.

Mrs. Shirli Temple, conservation chairman, spoke on "Energy and Food and You."

Flower Show chairman, Mrs. Lee Peterson, announced that a Bonsai workshop would

be held at the home of Mrs. Grace Finley on Saturday, November 13 at 9 a.m. Bonsai plants made that day will be eligible for entrance in the Flower Show next spring.

Mrs. Pat Jones, Garden of the Month chairman, said that the plaque had been given to Mr. and Mrs. Hugh Morris.

Mrs. Janet Bell, Junior Gardeners chairman, thanked members for plants they gave the girls and which they will enter in the Diamondhead Spring Flower Show. She also announced that John Davis would help plan the landscaping of the East Recreation Center, which is the Junior Gardeners project for the year.

Mrs. Dixie Ogden held a raffle and drawing for two bags of 100 daffodil bulbs each. She collected \$20 which will be given to the World Gardening project. Bea Cerniglia and Lee Peterson were the winners.

Homes to be on the Spring Pilgrimage will be: The townhouse of Mr. and Mrs. E.K. Easterly; home of Mr. and Mrs. Jerry Medford; home of Mr. and Mrs. James Wilmet; home of Mr. and Mrs. Holcomb Hector; home of Mr. and Mrs. J.B. Michael Jr.; the gardens of the Cantrell estate and the garden of Mr. and Mrs. George Cassis.

Ways and Means chairman, Mrs. Ann Neff, reminded members that she had Vision of Beauty calendars and cookbooks from the Garden Clubs of Mississippi for sale. She also has an interesting book titled "Sketch Book of Easy Flower Design" to help acquaint members with basics of same.

Mrs. Kollasch introduced the newest members to be admitted: Mesdames George Cassis, Norman Hall, David Ludwig, Harold Rainey, Wayne Waddington, John McKendrick, A.L. Buffat and H.L. Wallace. At their request, Dr. Frances Mayfield and Mrs. Lou Lamondella were made associate guests.

Mrs. Kollasch reminded members of the covered dish

supper that would be held at her home the following evening, and urged members to bring their husbands.

The program chairman, Mrs. Peggy Satterlee, told the group that the price of the bus trip to Longvue Gardens scheduled for November was \$15.

She introduced the speaker for the day, Mrs. Louella Haydell, who gave a very interesting program on "Plants in the Landscape." Her talk featured plants that grow from bulbs, tubers and rhizomes. In a random drawing from the registration book names were selected to receive the plants Mrs. Haydell had used in her talk.

Submitted by Mrs. Clarence A. Evans, publicity chairman.

PCGC to view slides of Williamsburg Christmas

The Pass Christian Garden Club will hold its monthly meeting at the Pass Christian Isles Golf Club Thursday, Nov. 4, at 1 p.m.

'Christmas Decoration in Williamsburg' is the theme of the program to be presented by Mrs. John E. Audley, a club

member. Authentic slides have been sent by the Williamsburg Commission. These slides are both beautiful and idea-providing.

Mrs. Clayton J. Chapman and Mrs. Drury R. Dragon will serve as hostesses.

MUW to co-sponsor Mississippi teen pageant

Mississippi University for Women will co-sponsor the 12th annual Miss Mississippi National Teen-Ager Pageant to be held in Columbus on April 30, 1983. Young ladies 13-18 years of age are invited to participate in the pageant.

MUW will award various scholarships to winners in the pageant, which will include an essay winner, Miss Congeniality, and the Citizenship Award.

The winner will receive a \$1,000 U.S. Savings Bond, a \$4,000 tuition scholarship from Millikin University in Decatur, Ill., a full modeling course scholarship from Barizon International, and an all-expense paid trip to compete in the national pageant in Lehigh, Fla.

The talent winner will receive a \$2,000 tuition scholarship from Millikin University.

The national pageant will award the national winner a \$13,000 cash scholarship, four runners-up \$5,000 each, and ten \$1,000 cash scholarships. Millikin University will award the national winner an \$8,000 tuition scholarship and the national talent winner an \$8,000 tuition scholarship, including their state awards. The National Teen-Ager Foundation will award the recipient of the Millikin University talent award a \$1,000 cash scholarship for expenses.

The national winner will receive a Mazda GLC Deluxe, a tour of the United States and Europe.

In 1983, state pageants will be held in participation with

many colleges and universities. More than two million dollars will be awarded in cash, tuition scholarships and awards to participants. The national pageant is syndicated for television with Pat Boone as guest star, Sharon McLarty as tv hostess.

Each finalist will participate in the Volunteer Community Service program, which is designed to promote teen involvement in volunteer civic and community affairs.

A mini-modeling charm course will be given during the three-day state pageant.

Hope Martel of Gulfport is the reigning Miss Mississippi National Teen-Ager and will participate in the activities and crown the 1983 winner.

Teen-agers who wish further information to participate, may write Mrs. Billie McLarty, state director, 121 Boxwood Drive, Franklin, Tenn. 37064. Telephone (615) 373-8456.

THE ABUNDANT LIFEI am come that they might have life
and that they might have it more abundantly John 10:10

By Sharon Murphy

Since it is Halloween, I suppose the timely thing to do would be to talk about ghost, goblins, specters, poltergeist and haunted houses. And so I will.

In Matthew 12:43-45 we have our Lord's teaching on the subject of "Haunted Houses"! "When an evil spirit comes out of a man, it goes through arid places seeking rest and does not find it. Then it says, 'I will return to the house I left.' When it arrives, it finds the house unoccupied, swept clean and put in order. Then it goes and takes with it seven other

spirits more wicked than itself, and they go and live there. And the final condition of that man is worse than the first..."

Now as you have already guessed, the haunted houses of which Jesus spoke of are not of the variety that are made of brick and mortar, or even wood. Instead, he spoke of the dwelling place of our souls, our bodily temple.

While it is apparent that this teaching had a far more literal need in the context of first century demon possession, the basic Biblical principles remain as fresh and needful as today's newspaper.

When a believer makes an eternal commitment to Jesus Christ and accepts him in the prescribed manner taught in the New Testament to be his Lord and Saviour, God cleanses that individual of all of his past sins. And that person is swept clean of all of the dross and cobwebs of life just like an old house that someone might restore.

However, if that house now that it is clean is left unattended it will once again become dusty, dirty, and filled with cobwebs.

So it is with the life of a Christian. After God has cleaned us we too often sit back quite satisfied with ourselves and leave our lives empty ready to allow anything to live within us or we can fill it up with good things. Thus not leaving room for any sinful and harmful things to move in and control us.

We can let our newly clean-

ed houses be filled with acts of the sinful nature such as sexual immorality, impurity and debauchery; idolatry and witchcraft; hatred, discord, jealousy, fits of rage, selfish ambition, drunkenness, etc... (See Galatians 5:19-21) and forfeit our heavenly inheritance.

Or we can fill our clean but empty lives up with the fruit of the Spirit: love, joy, peace, patience, kindness, goodness, faithfulness, gentleness and self-control, and thus live by the Spirit. (See Galatians 5:22-25).

What is the house of your life like? Which list better describes your lifestyle?

Jesus is the only one who can clean it and his Spirit is the only one who can properly fill it.

May all of the Halloweens of your life be filled with un haunted houses!

**Day School
marks October
observance**

Christ Episcopal Day School joined with hundreds of other schools throughout the United States in marking the observance of Episcopal School Month during October.

Episcopal schooling dates from early U.S. history. Christ Episcopal Day School has been offering education in the Bay St. Louis area since 1950.

Myrna Jordan, principal, reports that CEDS observed the week of Oct. 17 with the following activities: A visit from Bishop Gray of the Diocese of Mississippi, an art contest, and a dialogue between students on the benefits of education in an Episcopal School.

THANK YOU!

To all my friends in the Fourth Ward:

Thank you for the support you have given me in the past and renomination to my third term as your alderman.

I look forward to being part of Waveland's future growth and I owe the opportunity to serve to you, the people.

Sincerely,
Herman Yarborough

JOHN STENNIS APPRECIATION DAY

Tuesday, November 2, is Election Day. When you go to the polls to vote you will also have the opportunity to express your thanks and appreciation to a great American and one of the greatest statesmen of the century: Senator John C. Stennis.

Senator Stennis is vitally interested in the economic well-being of our State and Country...but he has especially been a driving force in the growth, development and prosperity of South Mississippi and the Mississippi Gulf Coast.

Take a look at the map. These are some of the things Senator Stennis has done and will continue to do to make certain the citizens of South Mississippi benefit from his leadership in the Senate.

Vote for Senator John C. Stennis on election day. Now is the time to say, "Thank you. We appreciate your continued guidance in the Senate for the betterment of all of South Mississippi."

Energy Answers

Q. What's all this talk about "daylighting" in designing and building new commercial buildings? We've had windows for a long time. There's nothing scientific about that.

A. As electrical bills go up, common sense ways of reducing them take on more importance. The importance of natural lighting decreased, especially for commercial and industrial buildings, at about the turn of the century, when electric lights were introduced.

Because electricity could provide cheap light in the darkest corner of any building, architects and other designers tended to ignore natural

lighting except when it made their buildings look more appealing.

The recent emphasis on natural lighting or "daylighting", is just a return to the use of common-sense strategies for efficient operation that we could "do without" while electrical energy was so cheap.

For more information, or to get an answer to your energy question, contact the toll-free Energy Answerline, 1-800-222-8311, the Mississippi Energy Extension Center, (601) 325-3152, or questions may be mailed to the Energy Center, P.O. Box 5405, Mississippi State, Ms 39762.

Vietnam vets capitalizing on GI educational benefits

More veterans have received educational training under the Vietnam-era GI Bill than previous editions of the popular education assistance legislation, the Veterans Administration announced.

Latest statistics show that more than 7,895,000 veterans and service personnel have trained under the third GI Bill, compared to 7,800,000 World War II veterans who received educational benefits under the original legislation.

The current GI Bill figures include 1,397,000 peacetime post-Korean veterans and 679,000 individuals who trained only as service personnel, the remaining 5,819,000 are veterans of the Vietnam-era (August 5, 1964 - May 7, 1975) who took advantage of their education and training entitlement after separation from active duty.

Mike Ladner, Hancock

County veterans service officer, said the Vietnam-era GI Bill participation rate, based on both the 5,819,000 Vietnam-era veterans and the 679,000 active duty trainees, is about 66 percent.

It is expected to stay at or near that level over the remaining seven years that are left in the current GI Bill.

By contrast, the 7.8 million veterans who trained under the World War III GI Bill represented just over 50 percent of the eligible veteran population. The participation rate under the Korean conflict GI Bill was even lower at 43 percent.

To date, the VA has spent about \$53 billion to provide educational assistance to veterans and service personnel. From June 22, 1944, when the first measure was signed into law by President

Roosevelt, through last June 30, a total of \$18.1 million have received assistance.

The bill, now in its 38th year, permits a veteran to use the educational benefits within 10 years following discharge from active service, or by December 31, 1989, whichever is earlier.

Another educational assistance program which requires financial participation by service personnel is available for those who entered the military after December 31, 1976.

Veterans who want more information on GI Bill eligibility should telephone the Jackson VA Regional Office toll free at 1-800-682-5270.

pensions parents will arrive with veterans, dependents; and dependent parents check on Nov. 1.

The importance of the income questionnaire cards cannot be overstressed. As you well know, these cards have a direct bearing on the pension benefits paid to the veterans population.

In to many instances, disruptions in payment and confusion in trying to "understand the system" causes hardship for the veteran or widow. "My goal as veterans service officer for Hancock County is for the questionnaire season to be the smoothest one we've ever had," Ladner stated.

"Please do not hesitate to call on me for any help or information at 467-2100," he added.

The following beneficiaries will receive income questionnaires this year:

- 1) Veterans, surviving spouses, and children in receipt of Improved Pension benefits;
- 2) Veterans and surviving spouses, unless exempt due to

- having attained age 72, in receipt of Old Law and Section 306 pension;
 - 3) DIC parents.
- Veterans who receive compensation will not receive an IQ Card.

SENATE CONCURRENT
RESOLUTION 519

This issue is of extreme importance to home and property owners in cities as well as suburban and rural areas.

Passage of this amendment will allow continued fair and favorable taxes on homes, while failure to pass it would mean a dramatic increase in home and property taxes.

Protect lawns, shrubs against cold

Lawns need to be prepared for winter just as cars. Lawns need antifreeze, too, cautioned Jim Perry, landscape specialist with the Mississippi Cooperative Extension Service.

Potassium, also known as potash, is sometimes called plant antifreeze. Plants with adequate amounts of potassium are more resistant to freezing.

While making sure that plants are getting enough potassium, gardeners should also be aware of the amount of nitrogen available to the plant.

Too much nitrogen stimulates shoot growth, which is not desirable during the onset of winter. Late shoot growth is typically tender and especially sensitive to freezing temperatures.

Perry recommends that gardeners take soil samples now to prepare for the winter

and the coming spring. "The recommended lime, phosphorous and potassium can be applied during the following winter months," Perry said, "and the recommended nitrogen can be applied when active growth begins in the spring."

The Extension Service will test soil samples at no charge to individuals. County agents in each county are available to advise gardeners in taking soil samples and to help in having them analyzed.

Once the potassium levels have been corrected, if necessary, Perry suggests a four to six-inch layer of mulch around shrubs. Mulch acts as a thermal blanket to protect roots from extreme fluctuations in temperature. It also helps retain soil moisture.

Even though the mulch will help retain moisture, gardeners should be sure to water shrubs during dry

winter weather. "Most home gardeners lose interest by fall and neglect watering," Perry said.

Perry also cautioned gardeners against pruning in the fall. "Fall is the worst time of year to prune ornamental trees and shrubs.

Fall pruning is a dangerous practice since the resulting new growth does not have time to mature and 'harden off' before freezing weather arrives," he said.

For more information and assistance, gardeners should call the County Extension office.

USM—Gulf Park registration set

Registration schedules at the University of Southern Mississippi Gulf Coast campuses have been released for the 82-83 winter term.

On Nov. 10 the Keesler and Jackson County campuses will register, Keesler from 10 a.m. to 1 p.m. in the Sablich Center and Jackson County from 4-7 p.m. in the new USM Jackson

County Center. USM-Gulf Park will register on Thursday, Nov. 11 from 1-7 p.m. in the second floor of the Administration Building.

Students may register for classes at the three centers at any of the registration sites. For additional information contact USM-Gulf Park at 864-6833.
